

## Product Data sheet for General Purpose chairs

Image -

**Dimensions** – Size 5 - Seat Height 430mm, Overall Height 746mm, Overall width 518mm, Overall Depth 490mm. Size 6 – 460mm seat height and 776mm overall height, other measurements remain unchanged.

**Warranty period** – 6 years against issues arising from a manufacturing defect accepting fair wear and tear.

**Cleaning instructions** - Clean with a damp cloth. Do not use abrasive cleaning agents.

**Wearable parts** - The chairs are fitted with polypropylene feet that will need to be checked for wear periodically. The wear rate of these will depend largely on the surface on which they are used. They are easily replaceable and can be purchased from ourselves.

**Stackability** - The General Purpose chair stacks vertically to almost any number but we do not recommend that they are stacked in greater numbers than 8 as otherwise this makes removing the top stool hazardous because of the total height of the stack.
