\*Matching coloured legs are only available on outer legs.  
The inners are finished with Duraform Light Grey Speckled paint.

# Start Right Tables

## Product Information

### FRAME COLOUR

Duraform Light Grey Speckled Paint

### INSTRUCTIONS FOR HEIGHT ADJUSTMENT:

1. Turn the table upside down so that the legs are sticking upright in the air
2. Use the Allen key supplied with the table to remove the screw from each leg.
3. Pull on the inner leg to expose more leg length, which has height position drill holes.  
Please note, the first time the legs are adjusted they may be stiff and require a twist and pull action to remove.
4. Working from the end with the black foot cap, the holes correspond to the following heights;  
Hole 1; 400mm high (2-3 years)  
Hole 2; 460mm high (3-4 years)  
Hole 3; 530mm high (4-6 years)  
Hole 4; 590mm high (6-8 years)  
Hole 5; 640mm high (8-11 years)  
Select the hole which is appropriate for the height you wish to achieve.
5. Clearly align the holes and replace the screw using the Allen key.
6. Repeat on all legs to complete.

### CARE AND MAINTENANCE:

The frame and top connection should be checked every six months. Also the feet should be checked periodically and replaced as and when required. Clean periodically with a non-abrasive cleaner and a warm damp cloth.

### PACKAGING DETAILS:

All legs are paper wrapped and the top is covered in a cardboard wrap.

### END OF LIFE RECYCLING SUGGESTIONS:

All Metalliform products can be disassembled into their component parts (Wood, Metal & Plastic) and responsibly recycled through specialist service providers.
