MOJO

origin / MOJO

Inspired by the form of a classic wooden chair, Mojo utilises a modern polymer material improving the aesthetic and functional capabilities of this popular typology. With separate frame, seat, backrest and armrest components, Mojo can be customised to suit a broad range of uses from desk to visitor to dining chairs and more.

Designed by Nick Pearson

OPERATION & MAINTENANCE

Versions

Standard, Standard Arm Chair, Ply, Ply Arm Chair

Assembly

MOJO chairs as listed above are manufactured and assembled in the UK and US and should arrive in perfect condition. MOJO chairs are supplied fully assembled ready for use.

Maintenance

MOJO chairs should be cleaned on a regular basis, using a clean damp cloth. Remove stains using a mild detergent and water. Avoid contact with sharp objects, as these may leave scratches or damage to the plastic surface.

Warranty/Life Expectation

MOJO chairs come with a 10 year warranty for structural defects. Life expectation is 20+ years. Upholstery - See material supplier guarantee period.

Recycling

The polymer (polypropylene glass fiber reinforced) component parts including the MOJO frame, seat, backrest, and arm rests are 100% recyclable.

Compliance

The MOJO chair complies with the following standards; EN16139: 2013 – Level 1 – General Contract Use, ANSI/BIFMA x5.1-2017 Office Seating. Test certificates can be issued upon request.
