# OPERATION & MAINTENANCE

---

## Version

POP chair

## Assembly

The POP chair is manufactured in the UK and stocked in the UK and US and should arrive in perfect condition. The POP chair is supplied fully assembled and ready for use.

## Maintenance

The POP chair should be cleaned on a regular basis, using a clean damp cloth. Remove stains using a mild detergent and water. Avoid contact with sharp objects, as these may leave scratches or damage, the plastic surface.

## Warranty/Life Expectation

POP chairs come with a 10 year warranty for structural defects. Life expectation is 20+ years.  
Upholstery - See material supplier guarantee period.

## Recycling

The polymer (polypropylene glass fiber reinforced) chair is 100% recyclable.

## Compliance

The POP chair complies with the following standards; EN1729:2006 Parts 1& 2 - Educational Standard, EN 15373:2007 Level 2 - General Contract Use. Test certificates can be issued upon request.
