

Mercury Mesh

The addition of a stylish, height adjustable mesh back to our successful Mercury family gives a modern, fresh aesthetic to the range. The upholstered seat task chair offers a wide range of choice with two variations of mechanism and a choice of arm options.

Mercury Mesh is available as a task chair and cantilever visitor chair, both with a choice of arms and mechanisms.

The Senator Group 3 R's

The Senator Group is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

–Reduce
–Reuse
–Recycle
